

Memorandum

Date: July 06, 2006

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 12(A)(2)

From: George W. Burgess
County Manager

Subject: Resolution Allocating \$300,000 of General Fund Reserve for Public Campaign
Financing to TRG –The Loft Ltd.

RECOMMENDATION

It is recommended the Board of County Commissioners allocate \$300,000 from the general fund reserve for public campaign financing to TRG – The Loft Ltd. for the development of the Loft at K Place Condominium located at 230-234 NE 3rd Street, Miami, Florida.

BACKGROUND

Through Resolution R-938-05 adopted on August 23, 2005, the Board authorized the allocation of \$1 million to TRG – The Loft Ltd. from the Miami-Dade Empowerment Trust's (MDET) New Market Venture Capital Fund. However, MDET staff was only able to recapture \$700,000 of the authorized \$1 million, as \$300,000 of the funds had pending commitments and could not be recaptured. The Board directed staff to utilize unallocated Empowerment Zone federal funds for any pending commitments. The pending commitments could not be funded from the federal funds as directed as those agencies were not located in the Empowerment Zone and thus not eligible.

Staff is recommending that \$300,000 from the general fund reserve for public campaign financing be allocated for this purpose. Because of restrictions in the use of this funding it is now anticipated that we will utilize less of this source than originally budgeted.

Agenda Item No. 12(A)(1)

Subject: RESOLUTION AUTHORIZING THE RECAPTURE AND RE-ALLOCATION OF \$1 MILLION OF COUNTY GENERAL FUNDS FROM THE MIAMI-DADE EMPOWERMENT TRUST, INC.'S NEW MARKETS VENTURE CAPITAL FUND TO TRG-THE LOFT, LTD FOR THE DEVELOPMENT OF THE LOFT AT K PLACE CONDOMINIUM LOCATED AT 230-234 NE 3RD STREET, MIAMI, FLORIDA

Recommendation

It is recommended that the Board adopt the attached resolution authorizing the recapture and re-allocation of \$1 million of County general funds from the Miami-Dade Empowerment Trust, Inc.'s New Markets Venture Capital Fund to TRG – The Loft, LTD. for the development of The Loft as K Place Condominium located at 230-234 NE 3rd Street, Miami, Florida. This resolution provides \$1 million in funding support for this project from general funds instead of from currently allocated federal HOME funds due to the inability of the project to meet the applicable HOME income limits for the purchasers of units in this sales-price restricted condominium development.

Background

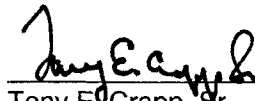

Through the adoption of Resolution No. R-1035-03 on October 7, 2003, the Board of County Commissioners allocated HOME funds in the amount of \$2 million to the Miami-Dade Empowerment Trust, Inc. (MDET) for the purpose of providing funding support to the development of affordable housing units through an activity entitled, "The Loft at K Place" (K Place) under development by The Related Group of Florida through TRG-The Loft, Ltd. Pursuant to an agreement dated March 12, 2004, the City of Miami provided funding support for the K Place project in the amount of \$1 million from the City's Affordable Housing Trust Fund for the purpose of ensuring that the sale price of the condominium units would be limited so as to provide affordable workforce housing (e.g. the units must not be priced in excess of 90% of the median new housing sales price as of August 2003 as published by the Florida Association of Realtors). The City's agreement requires that not less than 102 of the total 196 units shall be affordable (e.g. 91-1 bedroom/1 bath and 11- 2 bedroom/2 bath). The development and construction of K Place has proceeded forward based on a total development budget of \$30,015,000 that includes the construction of 196 condo units (e.g. 131-1 bedroom/1 bath and 65-2 bedroom/2 bath) at a site in Downtown Miami located at 230-234 NE 3rd Street. The development budget for the project includes \$2 million in funding from MDET.

Subsequent to the pre-sale of the units and the commencement of construction it was determined that K Place could not utilize the allocated HOME funds due to the lack of a sufficient number of buyers that met the affordable income limits. In addition, pursuant to a subsequent review of the \$2 million funding commitment to the project, MDET determined that the funding to the project should be limited to \$1 million. Subsequent to the determination regarding HOME funds, an analysis of the feasibility of a swap of SURTAX for HOME funds was conducted and resulted in a similar determination regarding the lack

5

of a sufficient number of buyers within the affordable income limits for the Surtax program which are higher than the HOME program limits for homebuyers.

In an effort to provide funding support and in light of the inability to identify a sufficient number of buyers within the HOME income limits, the Office of Community and Economic Development (OCED) submitted a formal request to USHUD dated April 5, 2005 seeking a waiver of the HOME income limits for the K Place project. On May 10, 2005 a representative of The Related Group of Florida appeared before the Board's Community Empowerment and Economic Revitalization Committee during the public hearing on a proposed plan amendment that included a recommendation for the recapture and reallocation of \$1 million of the \$2 million in HOME funds that had been allocated to the Miami-Dade Empowerment Trust, Inc. for the K Place project to request that \$1 million be provided to the project as soon as possible in light of the near completion of construction. On May 19, 2005 the Board of County Commissioners adopted Resolution No. R-597-05 thereby approving the plan amendment that included the recapture and reallocation of \$1 million of the \$2 million in HOME funds previously allocated for assistance to the K Place project. At the present time the construction of K Place is nearing completion with the occupancy of the units expected in August 2005, and the requested USHUD waiver has not been granted there is now a need to identify an alternative source of funding for the \$1 million in funding from the County to the K Place project.

Dear Ms. Ortiz:

I am writing to ask for your assistance in addressing the need for workforce housing in Miami-Dade County. As Miami-Dade deals with the same boom in real estate, which has affected all U.S. urban centers for the past 3 years, we find that the workforce population, earning 80 – 120% of median income, is ignored in most of our public policy decisions. Unfortunately with median prices well beyond the reach of a family of four earning \$48,200, the market is not developing products that meet the needs of this population either.

While many working class people have who bought homes in the 1990s have benefited from the wealth building opportunity of rising equity in their homes, many other working class families were not able to get into the home buyer market before the prices skyrocketed. The National Association of Realtors, Quarterly Housing Affordability Index indicates that in 2003 the median sales price in the Miami/Hialeah metro area was \$202,200 and in the first quarter of 2004 the median sales price was \$245,900. This represents an increase of 21.6%. While this is a shocking increase for a potential homebuyer it is only a small percentage of the growth. In 2001, the median sales price was \$152,000 and in 2002 \$172,500. This means that since 2001 until the first quarter of this year the median price of a house has climbed 61.8%. In the same period of time the median household income rose in the low single digits barely keeping up with the rate of inflation.

Another piece of the puzzle in Miami-Dade, is to lure the working class back into the highly developed urban area of our downtown that have remained largely underutilized to date. We are an urban area of cars and all of the pollution and traffic problems a car community brings with it. As we seek to rebuild our city, we are seeking to build neighborhoods that provide a high quality of life. Therefore, encouraging residential development near large commercial/office district,

public transportation and quality educational institutions would begin to lay the groundwork for these neighborhoods.

We are looking for HUD's assistance in establishing a pilot project to address many of our previously stated problems. We believe that we can establish a model to use HOME dollars to subsidize a project in our underutilized downtown area that would bring low-to-moderate residents close to many jobs and provide accessibility to public transportation and then market these units to not just 80% or less of median income but also the working class who may earn up to 120% of median income. This innovative use of HOME dollars will allow other urban areas that are experiencing the same gap in subsidy to explore new ways to tackle the needs of the working class.

The Office of Community and Economic Development has approved but not disbursed \$1,000,000 toward this initiative referred to as K-Place. This project entails the development of affordable condominiums located in Downtown Miami. While the project is nearly complete, many of the residents appear to be slightly above the 120 threshold but can be characterized as working class folks i.e. Police, Municipal employees and others.

I would appreciate your consideration in this matter and look forward to discussing this activity with you in detail.

Sincerely,

Bryan K. Finnie

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
